Dear Ms. Yuan,

The Division of Environmental Quality, Office of Water Quality is currently experiencing technical difficulties with the laboratory accreditation application process within the SEEK system. As a result, we are temporarily unable to complete application processing.

Please be advised that your laboratory's accreditation status has been extended until this issue is resolved. No action is required from your laboratory at this time.

This letter may be provided to your customers, clients, or other interested parties as written confirmation of your continued accreditation status during this temporary system issue.

We sincerely apologize for any inconvenience and appreciate your patience and understanding. Our team is actively working to resolve the issue as quickly as possible.

If you have any questions, please contact the Laboratory Accreditation Manager at EE.QAOfficer@arkansas.gov.

Sincerely,

A handwritten signature in black ink that reads 'Stacie R. Wassell'.

Stacie R. Wassell
Deputy Director
Office of Water Quality
